Submission Application

Application Deadline: **July 1st, 2009***

Notification of Acceptance: **August 1st, 2009**

(All submissions will be reviewed by an academic and artistic panel selected by FLOOD)

Application Fee: **None**

DESCRIPTION:

Taking place within the Arts District of Downtown Long Beach, **SoundWalk** is an annual art event, produced by the Long Beach artist group FLOOD. Sound art located throughout the area, indoors and outdoors, will encompass a wide range of work that will integrate visual, performative and aural elements. Included will be sculptures, environments, performances and installations, both interactive and passive.

Before submitting your application to participate in Soundwalk, please visit the website in order to become familiar with the neighborhood and some of the event sites. As notification of availability by individual sites or venues is in some cases not provided until days before the event, curatorial decisions regarding the placement of works will be at the discretion of FLOOD.

This being largely an outdoor event, procuring power can be at times problematic. As a result, **we strongly encourage proposals for self-contained works**. Also, it is important that artists realize that SoundWalk is a sound art event and not a music event.

Please note: SoundWalk cannot provide stipends or any other type of financial support for artists. Any costs for production of work and/or travel expenses are the responsibility of the artist. FLOOD will gladly write letters of support for those artists seeking funds elsewhere.

Any work accepted for presentation at SoundWalk2009, cannot be radically altered or substituted with another work without the approval of FLOOD. Approval of radical alterations to accepted work should be negotiated via e-mail. Substitutions require the submission of a new proposal for review by FLOOD. FLOOD reserves the right to refuse, on the day of the event, any artist who has not fulfilled or followed the aforementioned expectations and procedures. In other words, do not switch works without previous approval.

If you are invited to be a participant in SoundWalk2009, your name, likeness as well as work may be used for publicity purposes and materials related to this event, including, but not limited to, press releases, advertising posters, publications, recordings and SoundWalk related websites.
